Session Calendar

Each circle is a session. Different colors represent different regions in the city. Circle text is: skill level, start time, and the number of players signed up at that session.

When I sign up for a session, it's circle becomes bolded in my calendar view.

Striped circles indicate private sessions. Anyone can create these.

Club sessions are posted 3-4 weeks in advance. People sign up early for their "regular" slots, then cancel a day before if they don't plan to attend. Here are signed up for two at the same time at different parks.

+ Add My Name Add Note Close

This is what you see when you click on a session. The header includes session info including a link to the location.

This is who has signed up and their level (you specify your level when you register). I'm currently registered as 4.0 based on the skill level I see in the Portland area.

Anyone can add notes about the session. For example, we could say this is an MBPC session and there will be courts designated as beginner, intermediate, and advanced. Others could say when they are arriving, etc.

The green button adds you to the session. Once added, you can also remove your name if you can't make it.

Session Features

*This session is for solid 4.0+ play (drop shots, resets, dinks, fast volleys), see USAPA skill assessment sheet at: <https://usapickleball.org/wp-content/uploads/2020/07/Skill-Assessment-for-4.0.pdf> ** If you havent read the skill assessment sheet or arent sure if youre 4.0, please sign up for a different session. ** No-shows are being recorded and after 2 offenses will be removed from the next session they sign up for. ** Bring your own balls.*

- Jeff P. Thu, 9/29 @ 1:11PM

This is a more detailed note posted by a session organizer. Maybe a bit harsh, but, it's an idea about how to convey the skill requirements.

14	Michael Lang (4.0)	
15	Tanner Crandall (4.0)	
16	Joe Habes (4.0)	

Your name shows in the list when you sign up. Click the 'X' to remove your name.

An option in your player profile allows other players to email you. Gray envelope means they have disabled emails.

Session Features

27	Liu L. (4.0)
28	Chris Preda (3.5)
29	Adina I. (3.5)
30	Debbie McKeen (3.0)
WAIT LIST	
31	Spencer 4 Hire (4.0)
32	Logan Marks (3.5)
33	Juliana J. (4.0) 🍀

Sessions can have a max number of players. Beyond that, players go on the wait list. If someone cancels, they are automatically added.

There is no charge for most users. For more 'advanced' scheduling, we'd probably want a power user subscription: \$35/year. Ambassadors can get a coupon code for 30% off.
